Haunted Heart

Willa Ford

Ooh ooh ooh
The candle pictures of you
The things I, I plan to do to
You won't see until I'm done
My portion has just begun
Now you feel obsessed with me
You're wanting more you're needing me
In sleep you dream and think of us
And when you wake you're still in love
I change your thoughts your mind's not clear
Except for what I make you feel
I know my magic's taking hold
You're losing all your self control
Once we make a spell upon you
You're haunted you know you are
There's no way you can get away from
Your haunted, your haunted heart
And my wish is your command
I've got you in the palm of my hand
With one touch you're mine for good
It's working just the way I planned it would
Now you feel obsessed with me
You're wanting more you're needing me
In sleep you dream and think of us
But when you wake you're still in love
I change your thoughts your mind's not clear
Except for what I make you feel

I know my magic's taking hold
You're losing all your self control
Once we make a spell upon you
You're haunted you know you are
There's no way you can get away from
Your haunted, your haunted heart
Once we make a spell upon you
You're haunted you know you are
There's no way you can get away from
Your haunted, your haunted heart
I came to you in the midst last night

If you want me to be by your side
You want me and I want you
But now I can see you cast your spell on me too
Once we make a spell
I'll haunt you
Haunted, you're haunted
You know you are
Once we make a spell
With one touch you're mine for good
Haunted, your haunted heart
Oh, no no no
Once we make a spell upon you
You're haunted you know you are
There's no way you can get away from
Your haunted, your haunted heart
