

# Super Soul Sis

Warren G

Well it's the super, the duper, the Landcruisin' trooper  
Take action at times, they hang on my rhyme like Mr. Cooper  
I'm takin' you to a zone that's much far from wackiness  
So please could you tell me oh, but buddy can you hack this?  
Yo, oh no, grab a hold of fade-ables, gettin' her flows on  
Like Flo Jo, runs in a marathon  
Smooth like chocolate, so call me Big Mamma Kane  
Feels like another one goin' out for her reign  
Step back, because I happen to be all that plus tax  
I got more subscribers than HBO or Cinemax  
Mile after mile I rip style after style  
Crack dope in all the vials, ooh, I'm glad I used Dial  
'Cause it can get funky when I'm singin' my song  
But I just flow on, and so on, I'm stinky 'cause I roll on  
And then I hear rhyme callin' I won't give it a rest  
That's how I got the motherfuckin' Super on my chest  
Fly through the sky gettin' love  
The whole wide world will watch me  
Fly through the sky gettin' love  
The whole wide world will watch me  
Mister it's the, Masta Aces of the spade  
Rappin' skills are thinner than niggaz on AIDS  
Up up and away, it's the Super Soul Sis  
I talk so much shit I got, halitosis  
I knows this, I flows this, I'm funky, you stank  
You a walkin' blood bank I'm withdrawin' with my shank  
Thanks for the memories, remember me no remedies  
Surrender the vicinity or catch a cap like a Kennedy  
'Cause I'm the Superwoman rapper, I deserve a hail  
Chasin' MC's, got 'em on the run like Smurfs from Azrael  
No bluff, the magic I puff, I'm chokin' sho nuff  
I'm takin' a bite out of the rappers as if my name was MC Negra  
She's hotter than the South land on fire  
All you MC's desire, to run through my pyre  
I'm turnin' heads like the Exorcist while flexin' this  
'Cause it's the Super Soul Sis  
Fly through the sky gettin' love  
The whole wide world will watch me  
Fly through the sky gettin' love

The whole wide world will watch me  
Sat on the outside, but now I'm the arena  
A superfly mackadocious one you never seen a  
Soulful, 'cause I got a bowl full of soul  
Strollin' because I have no vehicle to roll  
But bring it, bring it back to the topic of the solar mind  
I can flow upbeat, to a slow beat, and be off beat and still on time  
I rhyme, and swim waves of soul like Billy Ocean  
Never ashy, lyrics that soothe ya like some lotion  
'Cause I can Krush any Groove bust on any move ya make  
I keep my rhymes attached, like trains to a freight  
Break ya Achey like Billy Ray, I'm fuckin' up the industry  
And fins to be, Nanu Nanu like Mork and Mindy  
Fly through the sky gettin' love  
The whole wide world will watch me  
Fly through the sky gettin' love  
The whole wide world will watch me
