

The Need

Mushroomhead

Anything you need
I can't be anything you need
Anything you need
Anything you needAnything you need
I can't be anything
I can't be anything
I can't be anything you needNow I walk alone, I find a way
All of my prayers unanswered
All of my careless actions
Failures catastrophe, this is killing me
Somewhere in here, somewhere in hereKindly nail yourself
Upon your thoughts
You've never had enough
Pain to feel at all
It's coming up all nowPrayers unanswered
All of my careless actions
Failures catastrophe, this is killing me
Somewhere in hereFade the cross from my memory
What part of this is saving me?
And what exactly is it saving me for?
I don't need to believe anymoreI can't be anything
I can't be anything you needI can't be, I find a way
I look back upon my life
I found it hard to find
The right words that won't hurt
And brings me back to my kneesAnything you need
Anything you needAll of my prayers unanswered
All of my careless actions
Failures catastrophe, this is killing me
Somewhere in here, somewhere in hereNail yourself upon your thoughts
Nail yourself upon your thoughts
I find a wayClose your eyes
If you want to be blind
Close your eyes
If you want to be blindClose your eyes
If you want to be blind
Close your eyes
If you want to be blind
