Price Too High to Pay

Cock Sparrer

So what you gonna do, you gonna stick with the crowd
Walk the streets of the city following the biggest mouth
They want you for their dreams full of hate and oppression
When they're done they're all the same weekend politiciansWhat they're gonna give you ain't nothing
To what they'll take away
And that's a price too high to paySo don't let them have your mind don't get left on the shelf
Don't fight the innocent they need some of your help
You are the future be true to yourself
You are the shock troops it's your way out of hereWhat they're gonna give you ain't nothing
To what they'll take away
And that's a price too high to payA price too high [x8]
A price too high to paySo what you gonna do, you gonna stick with the crowd
Walk the streets of the city following the biggest mouth
They want you for their dreams full of hate and oppression
When they're done they're all the same weekend politiciansWhat they're gonna give you ain't nothing
To what they'll take away
And that's a price too high to payA price too high [Repeat till end]
