

Price Too High to Pay

Cock Sparrer

So what you gonna do, you gonna stick with the crowd
Walk the streets of the city following the biggest mouth
They want you for their dreams full of hate and oppression
When they're done they're all the same weekend politicians
What they're gonna give you ain't nothing
To what they'll take away
And that's a price too high to pay
So don't let them have your mind don't get left on the shelf
Don't fight the innocent they need some of your help
You are the future be true to yourself
You are the shock troops it's your way out of here
What they're gonna give you ain't nothing
To what they'll take away
And that's a price too high to pay
A price too high [x8]
A price too high to pay
So what you gonna do, you gonna stick with the crowd
Walk the streets of the city following the biggest mouth
They want you for their dreams full of hate and oppression
When they're done they're all the same weekend politicians
What they're gonna give you ain't nothing
To what they'll take away
And that's a price too high to pay
A price too high [Repeat till end]
