

Sandy

Dion

Why must I love you so much?
Sandy, I long for your touch A better luck the next time Sandy
I gotta tell you that we're through
A find a guy who's always handy
A listen girl I'm leaving you A dumb dadida dumb dumb dadida dida
Dumb dadida dumb dumb da dida dida
A dumb dadida dumb dumb dadida dida
Dumb dadida dumb dumb dadida dida I love a girl around the corner
Just found out that she's no good
I left her, didn't even want her
But I'd crawl back if I could Why must I love you so much?
Sandy, I long for your touch
I never thought you'd put me down
I can't believe that you're untrue
And now the new is out around town
Yeah, what Ellis can I do? Whoa o dumdidala dumdidala
La dal la dal la dal la dal Oh it's worth this pain
I can't explain, Oh, and all those tears
I cry for you, (wop, wop, wop, wop, wop, wop)
A better luck the next time Sandy
I've gotta tell you that we're through
A find a guy who's always handy
Listen girl I'm leaving you Why must I love you so much?
Sandy, I long for your touch
I never thought you would put me down
Can't believe that you're untrue
And now the news is out around town
Sandy babe what can I do? Dida dida dumb dumb da dida dida
Dumb da dida dumb dumb da dida dida
Dida dida dumb dumb da dida dida
Dida did dumb dumb da dida dida
