My Dreams

Western Special

My dreams will never change,
And I think I'll forever stay a little girl.
My dreams are still the same,
Don't you come into my life and break them all.Make me believe in love as it is for the very first time
Make me merry, make me happy, I'll save you my smiles
But if you cheat, if you lie and too often make me cry,
It won't last too long and I'll tell you goodbye.My dreams will never change,
And I think I'll forever stay a little girl.
My dreams are still the same,
Don't you come into my life and break them all.If you make me forget what day it is today
Live in a fairy comforting world, think I'm gonna stay
But if you grouse, if you sulk and too often make me cry,
It won't last too long and I'll tell you goodbye.My dreams will never change,
And I think I'll forever stay a little girl.
My dreams are still the same.And I won't let nobody, even if I'm sad and lonely
come into my life and break them all.
And I won't let nobody, even if I'm sad and lonely
come into my life and break them all.
