

Some Things You Don't Want to Know

[**Peter Wolf**](#)

Let's go home, baby

It's time to turn in

When we lie down together

Are you thinkin' of him?

There's some things about love that never let go

There's some things you don't wanna know The cold lonely morning

In the heat of the night

You don't know what you'll do

To make you fell right

There's some things about love that never let go

There's some things you don't wanna know There's some things we never should say

It's not worth the price that we pay Yes!

There's some things about us we never should tell

The heart we have in us is deep as a well

There's some things about love that never let go

There's some things you don't wanna know

There's some things about love that never let go

There's some things I don't wanna know
