Fairytale Nothing

Crackout

Found out I was washed away
Too late I'm a total liar
No sun I'm a total black
To run couldn't become lighterAll gone get this thing away
I run anything for mother
My son is a special day
No fool I'll accept this offerGet gone take them both away
Your son, I can't use these children
This home nothing as it says
No smoke skin will fill this buildingNo way I was everything
I am, nothing quite so worthless
Too long salt is washed away
Oh gone, sink beneath the surfaceDaydream nothing lets me fly
Too much I'm a total master
Compact, glad to be alive
All gone happy ever afterFeels like falling
But I can't die
I can't stopMy eyes I cant even see
All run not like being blinded
All gone nothing else to bleed
No fun stuck and broken mindedFeels like falling
But I can't die
I can't stopFeels like nothing
And I'm alive
I'm not cleanYellow, falling at you feet
To young I'm a total coward
Lets go anywhere to sleep
All numb every way is downwardFeels like falling
But I cant die
I can't stopFeels like nothing
And I'm alive
I'm not clean
