Angels Watching Over Me

Virtue

They encamp all around me
So I have no fear
They tell me He loves me
Whisper in my ear
It means the world to me
To have them near
These are my angels, over meThey come from the throne above
And before His face
They carry the light of love
Cover me with grace
They wanna to see me
Complete this race
These are my angels, over me, help me seeI got angels watching over me
(Watching my way both night and day)
I got angels watching over me
(Fanning away the hurt, the pain)
I got angels watching over me
(They'll never fly away)
Angels over meThey silently hold me
With their mighty wings
When I cry, they console me
With the songs they sing
And when I sleep, they watch over me
Fan away evil things
These are my angels, over meSaid we don't even notice
The protection they give
Fell asleep on the road and yet
I continued to live
Sometimes I even wished that they
Wouldn't answer my call
But unwavering angels, they just won't let me fallI got angels watching over me
(Watching my way both night and day)
I got angels watching over me
(Fanning away the hurt, the pain)
I got angels watching over me
(They'll never fly away)
Angels over me
(Over me)
Over me, over meI got angels watching over me

(Watching my way both night and day)
I got angels watching over me
(Fanning away the hurt, the pain)
[Incomprehensible] angels
(They'll never fly away)
Angels over me
