hai you shui neng lai jiao wo aiTranslation:Back to this port again, and I'm staying here without a reason
My heart is adventuring on mottled boat
Searching for the lost sandbarDrifting with the waves of time
I opened my arms with force
Embracing so many ups and downs
But I still miss the way you look at meI don't necessarily need you back
It's only when I'm staring at the sea all alone again
Then turning back to find that you are no longer there
Leaving me to wander around aimlesslyI don't necessarily need you back
It's only when I think back to the old times
There was so much emptiness besides you
Who else can teach me how to love?Back to this endpoint again
I want to move forward too
Seeing so much of this world
My only regret would be that you are not there to share the moment with meI don't necessarily need you back
It's only when I'm staring at the sea all alone again
Then turning back to find that you are no longer there
Leaving me to wander around aimlesslyI don't necessarily need you back
It's only when I think back to the old times
There was so much emptiness besides you
Who else can teach me how to love?I don't necessarily need you back
It's only when I'm staring at the sea all alone again
The tired silhouette is not mine
It's not the person I want you to see
I don't necessarily need you back
It's only when I walked into the crowd alone
Other than depending on you
Who else can teach me courage?
There was so much emptiness besides you
Who else can teach me how to love?
