Billy and the Motorway Police

Fischer-Z

By the roadside, Morning Shadow
Good for nothing, walking scarecrow
This is a major disaster area
I think I'll close up my eyesNo assistance Mantovani
Police protection still eludes me
This is a major disaster area
I think I'll close up my eyesVoice of wisdom curtain razor
Keep us free from any danger
This is a major disaster area
I think I'll close up my eyes
