

# Billy and the Motorway Police

## Fischer-Z

By the roadside, Morning Shadow  
Good for nothing, walking scarecrow  
This is a major disaster area  
I think I'll close up my eyes No assistance Mantovani  
Police protection still eludes me  
This is a major disaster area  
I think I'll close up my eyes Voice of wisdom curtain razor  
Keep us free from any danger  
This is a major disaster area  
I think I'll close up my eyes
