I, I really, really wish she knew me

'Cause if she did she wouldn't think I'm just there for the cut'Cause she always catch my eyes on her butt

She need to go ahead

She flirts with me but she yankin' me to go ahead

Thinking that she want me but she always playin' scaredSit nigga sit, trip a bitch go get her

Quick to snatch a bitch up, up the nigga that's with her

If that's really your chick you need to sit with her
