

# Clams Have Feelings Too (Actually They Don't)

**NOFX**

Birds are dumb cause small bird brains  
But so are kids and old people  
Some birds talk, most others sing  
I don't see you eating a talking bird  
Pigs smell bad and roll in pooh  
But so do kids and elderly  
I don't see you chop of an old man's feet  
Put them in a mason jar and pickle them  
No chowder for you, cause clams have feelings too  
Actually they don't have central nervousness  
No manhattan style, clams have the right to smile  
Come to thin about it they don't have a face  
They have no face, no place for ears  
There's no clam eyes to cry clam tears  
No spixal cord, they must get bored  
Might as well just put them out of misery  
Although the world could be more selfish  
I guess it's alright to eat shellfish  
No chowder for you, cause clams have feelings too  
I could happen to you, clams have feelings too  
I don't think they do, clams have feelings too
