Tame One

Your Friend

Sister hasn't phoned yet
Are you bothered,bothered,bothered,bothered sick?...
So full, like a full plate
Are you sorry,sorry,sorry yet?
Oh, tame one,who are you holding words for?
Oh, maimed one, who are you holding out for?
Sittin' on your front step
Are you worried? Nervous? People love your friends
Sleeping in your parents bed, are you anxious of all your best?
Oh, tame one, who are you holding words for?
Oh, maimed one, who are you?
Oh, seas, oh, season ,oh seas
Where are your siblings?
Where are you family?
Cause I ...
Wheres all your ...
Don't hide your teeth inside
Oh, tame one, oh tame one
Oh tame one, oh tame one,(they aren't perfect but they're more accurate!!)
