

# Out of Reach (feat. Jayeldee)

## Sub Focus

Victim, losing my colour  
You're on the other side, the other side, the other side of me  
And I can't stand to watch another tear fall  
Maybe another time, another time, another time I feel you near  
Too much anticipation will make it hard to breathe  
Too much am I drifting away from what we used to be  
We wanted more than what we had  
We lost it all, it's in the past  
Now we're out of reach  
We walk away with empty hands  
And every day reminds me that  
Now we're out of reach  
Wasting time is not an option  
You're on the other side, the other side, the other side of me  
Now we can save us running into trouble  
Maybe another time, another time, another time I feel you near  
Too much anticipation will make it hard to breathe  
Too much am I drifting away from what we used to be  
We wanted more than what we had  
We lost it all, it's in the past  
Now we're out of reach  
We walk away with empty hands  
And every day reminds me that  
Now we're out of reach
