

# Diamonds In The Sky

## Steel Train

We are, we are diamonds in the sky  
We float around, stick together, touch no ground  
I said, "You meet me", I said, "You meet me in  
The place that makes you laugh"  
Whatever time we can collapse We are on holiday forever  
We're on holiday We got, we got miles and miles of world to run around  
Oh, what we got is old gold and that's alright  
I think that she is, she is right here in  
Oh everything that we do  
Oh, look she is walking above you She is on holiday forever  
She is on holiday I had a lot, I was living  
Oh, I had some lies, I live them off  
Oh, I had a lot but now I really got it all  
Oh, now that forever diamonds, we are blue, blue I said, "You'd find me", I said, "You'd find me in  
The place that makes you laugh"  
Whatever time we can collapse  
?Cause we are, we are diamonds in the sky  
Oh, we float around, oh no, you can't pin us to no ground We are on holiday forever  
We're on holiday I had a lot, I was living  
Oh, I had some lies, I live them off  
Oh, I had a lot but now I really got it all  
Oh, now that forever diamonds, we are blue, blue Oh, forever diamonds, diamonds, diamonds are blue  
Oh, these diamonds are blue  
Oh, these diamonds are blue
