

Blueberry Kisses

Lady Gaga

Blueberry kisses, my lips they miss his, oh yeah

Where did you go now? Where did you go?

Blueberry kisses

I told you baby, I'd love you maybe

But you stopped the clock the second time around

I need you around (blueberry kisses)

I need you around (blueberry kisses)

I need you around (blueberry kisses)

Blueberry kisses, the muffin man

He misses them kisses, yeah

Where did they go now? Where did you go?

Blueberry kisses

I told you baby, I'd l-o-v-e you maybe,

But you stopped the clock the second time around

You know it's crazy, but I've been feeling lately

That I need you around

I need you around (blueberry kisses)

I need you around (blueberry kisses)

I need you around (blueberry kisses)
