Valley Of The Dolls

Generation X

Into the valley of the dolls, into the valley of the dolls
Into the valley of the dolls went the gang of fourSong number one and the rhythm up amping
Drummer beats down 4/4 rock ranking
A bass so deep thud, thud spines shaking
And all around mad eyes are rollingIn the valley of the dolls, made up and stunning
In the valley of the dolls, as the feet get moving
In the valley of the dolls, as the pressure rising
In the valley of the dolls, white faces staring
As into the valley of the dolls go the gang of fourSong after song rocket's up rocking
One hundred watts scream man, my ears are bleedin'
Hot bodies charged, blond locks a-givin'
And all around young girls are faintingIn the valley of the dolls, their hearts a-pumpin'
In the valley of the dolls, as the spikes are dancing
In the valley of the dolls, skank girls shanking
In the valley of the dolls, I saw love vibrating
As into the valley of the dolls go the gallant fourInto the valley of the dolls, into the valley of the dolls
As into the valley of the dollsIn the valley of the dolls, four skulls are splitting
In the valley of the dolls, five fingers are clicking
In the valley of the dolls, six strings are burning
In the valley of the dolls, seventh hour approachingIn the valley of the dolls, eight legs are stomping
In the valley of the dolls, nine lives are groovin'
In the valley of the dolls, ten thousand coasting
In the valley of the dolls, X generatingAs into the valley of the dolls, into the valley of the dolls
Into the valley, into the valley of the dolls
