Strip Down

KitsunÃ© maison

Hey, strip down to your a***
Whoa, more excitin' than the last h***
Just pop that p*** and shake that a***
Pop that p*** and shake that a***
Hey, strip down to your a***
Whoa, more excitin' than the last h***
Just pop that p*** and shake that a***
Pop that p*** and shake that a***, girl
You got dem heels, do that A-Town lady stomp
You ain't white, b***, must be them razor bumps
Stop s*** that cat, girl
You might need to get it waxed, girl
I saw enough of you the other day
You need to go the other way
Everythin' looks good on the h*** but her face
Turn back around, girl
Before you drop it to the ground, girl
I wanna see you down on all 4's
What you got on drawers for?
That's daytime s***, hit the club when the mall close
And drop them panties, girl
Your p*** feelin' better now, ain't it, girl?
Hear the crash from the cymbal
When your a*** start to tremble
Wanna ride with a pimp, blowin' h*** out the window
Better make my night happy
Or it's gon' be some problems like Lil' Scrappy
You know the drill
Hey, strip down to your a***
Whoa, more excitin' than the last h***
Just pop that p*** and shake that a***
Pop that p*** and shake that a***
Hey, strip down to your a***
Whoa, more excitin' than the last h***
Just pop that p*** and shake that a***
Pop that p*** and shake that a***, girl
Naw, baby wasn't doin' it right
C'mere, lil' mama, see what you look like
Can you get butt naked, girl?

Can I see how you shake it, girl?
You gotta turn a n*** on when you dancin' to the song
I wanna get you all alone in the mansion in a thong
Lemme see that p***, h***
You think you got what I'm lookin' fo'?
I need a freak that'll suck me back hard when I cum
Ain't no way we goin' to sleep, not befo' we see the sun
Can you make that happen, girl?
I'm all night, all day with this mackin', girl
I wanna see you do that dance when you swing on the pole
Put your a*** in my hands, put my thang in your h***
Now shake that a***, girl
But don't do it too fast, girl
You know the drill
Hey, strip down to your a***
Whoa, more excitin' than the last h***
Just pop that p*** and shake that a***
Pop that p*** and shake that a***
Hey, strip down to your a***
Whoa, more excitin' than the last h***
Just pop that p*** and shake that a***
Pop that p*** and shake that a***, girl
You make me feel like we f*** and we still in the club
You probably have a t*** millionaire really in love
Let me see that p***, girl
Now let me see how you touch it, girl
You act like you wanna f*** when you back it up
Make my d*** get bigger than a mack truck
Let me see you bend over, girl
You gotta get a little closer, girl
I ain't tippin' no mo' 'til you get buck booty
Wanna see you a*** naked like you're in a f*** movie
Shake that booty, girl
You know you wanna give it to me, girl
I said, waitress where the 'Gnac at, I need a big sip
Girl, if you don't get naked I'm about to dip
'Cause time don't stop, girl
Get naked and climb on top, girl
You know the drill
Hey, strip down to your a***
Whoa, more excitin' than the last h***
Just pop that p*** and shake that a***
Pop that p*** and shake that a***
Hey, strip down to your a***
Whoa, more excitin' than the last h***

Just pop that p*** and shake that a***
Pop that p*** and shake that a***, girl
