Rocket

Mae

I, I had a dream just you and me
And it was all I wanted it to be
And so much more, cause we could soar
No gravity keeping me on the floor
Please don?t let me float too high
Dive away with me
You?ve got just what I need
Will you be my rocket?
Now, now that we?re here
It is so clear, this is just how that I dreamed it to be
Stars are falling
It?s just you and me; the beginning
Please don?t let me float too high

Dive away with me
You?ve got just I need
Will you be my rocket?
It?s strange when I feel the change
I remember that anything?s possible
You?re the same, you take me away
I won?t hesitate or I?ll crash and burn and fade
Dive away with me
You?ve got just I need
Will you be my rocket?
Dive away with me
You can take me to the sky
You?ve got just what I need
Will you be my rocket tonight?
