

# On My Way

## Meek Mill

And I'll be on my way  
And I'll be on my way  
And I'll be on my way  
And I'll be on my wa-ay  
And I'll be on my way  
And I'll be on my way  
And I'll be on my way  
And I'll be on my wa-ay  
Look, I'mma give you a tip  
Never let nobody tell you what you can be  
They told me I couldn't  
But I bet they told Obama he couldn't be the president either  
On my way  
On my way  
World tour, with 10.000 miles per hour  
Tryna make it to the top from the bottom  
On my way  
On my way  
On my way  
I see them fans, everywhere I go I spot 'em  
Nigga, leave with me so you know I got 'em  
On my way  
I look in the mirror  
What do I see?  
Like the letter after 8, the more I could be  
Bein' a winner, that's all I could see  
Give me the ball, bet I score, null 8 A.D.  
Winnin' the bet, I was rain and fallin' asleep  
I had to slit it 50/50, not all in the streets  
Whether reppin' and treppin'  
Whether treppin' and reppin'  
I was makin' them had to win dreams and makin' it reppin'  
I was makin' some magic like some magician and rabbit  
My position was heavy but I insisted I had it  
I insisted I'd get it for me, my mom and my sister  
' grindin' and winnin'  
And it's just the beginnin'  
On my way  
On my way

On my way

World tour, with 10.000 miles per hour  
Tryna make it to the top from the bottom

On my way

On my way

On my way

I see them fans, everywhere I go I spot 'em  
Nigga, leave with me so you know I got 'em

On my way

I had a basketball dream they deflated  
I wasn't good as Michael Jordan so they faded  
God do me my hand and I displayed it  
Gave me a king of diamonds, I flip me a ace of spades  
And that's blackjack and bed scraps  
Soon to be the great as I sat back and tack that  
Did it for the haters

Man, I did it like the Lakers

Kobe and Philipp Johnson

I'm independent as ever, them labels is still askin'

I didn't believe they believed in me  
Cuz where I'm from they all believed with me

So this the song I say

Yea, I be on my way

Yea, I be

On my way

On my way

World tour, with 10.000 miles per hour  
Tryna make it to the top from the bottom

On my way

On my way

On my way

I see them fans, everywhere I go I spot 'em  
Nigga, leave with me so you know I got 'em

On my way

On my way

On my way

On my way

On my way

On my way

On my way

On my wa
