Shame

Morphine

I felt bad but there was nothing I could do about it
Nothing I could do to make it go away
I felt bad but there was nothing I could do to change it
Nothing I could do to make things changeThis is my shame
This is my shameI felt bad but I keep trying to kid myself about it
Trying to tell myself it was an honest mistake
I felt bad but what's done is done
Just one thing remainsThis is my shame
This is my shameI know your mad at me
I know you want to cut my throat
I know you think I think it's all a joke
I don't, I don'tI felt bad but there was nothing I could do about it
Nothing I could do to make it go away, I woke up and thought
Every thing's going to be alright, every thing's going to be okay
Then it hit me like a wave, then it hit me like a waveThis is my shame
This is my shame
This is my shame
