

# I've Just Destroyed the World I'm Living In

[Ray Price](#)

The sun just went behind a cloud  
There's darkness all around me now  
For I've just destroyed the world I'm livin' in  
I broke her heart so many times  
That now at last I've broken mine  
And I've just destroyed the world I'm livin' in What made me think that I could go on hurting her  
I should have known there'd have to be an end  
But fools in love are taught by fate,  
They never learn till it's too late  
And I've just destroyed the world I'm livin' in  
[Repeat]
