

LoveFuryPassionEnergy (Lita)

Boy Hits Car

She's like a lost flower
Growing up through a crack
In the bustling sidewalk
Moving like a river so sad So hey, where we going?
Tell me where we've gone
Was there love and fury
Energy and passion So fuck your rules man
You step up, you'll go down fast
I've got to release all the
Shit that has made up my past So go paint your face and
Proclaim thy warrior soul
'Cause life is a brutal
Fight until we choke A shade of timelessness
For we are all distinct
And awaiting our
Transcendental release So fuck your rules man
You step up, you'll go down fast
I've go to release all the
Shit that has made up my past So go let your soul dance baby
Time to free yourself at last
unshackle your life's spirit
Fly away far from the past 'cause it's gone Like a lost flower
Growing with mad wind
Like a sad river
Who has no end So fuck your rules man
'Cause here comes my passion
So fuck your rules man
'Cause here comes my love So fuck your rules man
Here comes pure energy
So fuck your rules man
'Cause here comes my fury So fuck your rules man
So fuck your rules man
So fuck your rules man
So fuck your rules man So fuck your rules man
You step up, you'll go down fast
I've got to release all the
Shit that has made up my past So go let your soul dance baby
Time to free yourself at last
Unshackle your life's spirit

Fly away far from the past
