

Be Alive In Me

Abandon

Here I am without a place to start
Lost inside the desert of my heart
All of my mistakes are adding up
Take them all away, I've had enough
Heal my jaded soul
And I'm gonna feel the weight letting go
Be alive in me
I know I'm Yours forever
Be alive in me
I know I'm Yours
So take me and shake me
I know I'm needing You to
Be alive in me
I need You here so we can talk it out
I'm giving You the things that pull me down
Jesus, can You teach me how to stand?
And if I fall I want to fall into Your hands
So heal my jaded soul
'Cause I wanna feel the weight letting go
Be alive in me
I know I'm Yours forever
Be alive in me
I know I'm Yours
So take me and shake me
I know I'm needing You to
Be alive in me, I'm Yours
I'm Yours
Excite me, ignite me
Relight this fire
Excite me, ignite me
Relight this fire
Be alive in me
I know I'm Yours forever
Be alive in me
'Cause I know I'm Yours
So take me and shake me
I know I'm needing You to
Be alive in me, I'm Yours
Be alive in me, I'm Yours
Be alive in me
