Scum

SuperNothing

Dealers selling smack that will ruin your brain
And bring you nothing but misery and pain
Teenage adicts dying - that's hardly very funny
But the dealers are laughing as they pocket the moneyBRING THEM DOWN - RUN THEM OUT OF TOWNThey'll screw up your body and they'll screw up your mind
But as long as they're making money they think that's fine
They just don't care as long as they gain
Folk dying of the aids outrage well that's just part of their gameThere ain't nothing that they won't do
They want to make a junkie out of you
So when the dealers come your way
You've got to make them payFind the scum, bring them down
Run the dealers out of your townSmack the pushers - Oi! Oi! Oi!
Smack the pushers - Get them boys!
