

Common Burn

[Mazzy Star](#)

Simple things like your overcoat
And your beauty
That still are burnin' me
Let me hang around
Even if it's just some way
To have some common burn
A common burn So I spent the night in someone's house
That you ...
Oh simple me that you fled
But we haven't a clue That common burn
That common burn Aware of ...
I've seen yours
So many times before
You could sit around
And have everything that you score
Just don't come home and say
You've been asleep
When you know you're burnin' someone
