

# Taste in Men

## Placebo

Come back to me awhile  
Change your style again  
Come back to me awhile  
Change your taste in men  
It's been this way since Christmas Day  
Dazzled, doused in gin  
Change your taste in men Come back to me awhile  
Change your style again  
Come back to me awhile  
Change your taste in men  
I'm killing time on Valentine's  
Waiting for the day to end  
Change your taste in men Come back to me awhile  
Change your style again  
Come back to me awhile  
Change your taste in men  
It's been this way since Christmas Day  
Dazzled, doused in gin  
Change your taste in men  
Change your taste in men  
Change your taste in men

...
