With You Gone

Ryan Cabrera

Looking back if we had one more night to spend
I would steal every second, I would never let it end
Like the taste of your lips what I'd give to drink you in
I will always remember
And I know that it goes with me
I will never leave this part of you behind
With you gone it plays on, it's so hard to move on
I want to but I wanted you
No, you stay in my head
I'm not over you yet, I'll try to but I wanted you
What I miss overall is a smile I can't replace
'Cuz it starts in your eyes
And it filled up all the space in my heart
I know, I will always remember
And I know that it goes with me
I will never leave this part of you behind
With you gone it plays on, it's so hard to move on
I want to but I wanted you
No, you stay in my head
I'm not over you yet, I'll try to but I wanted you
Make no mistake I'm here in this place
Not waiting around for you
'Cause I can't help it, I'm still searching
For some way to get through
I will always remember, remember
With you gone, it's so hard to move on
I want to but I wanted you
No you stay in my head
I'm not over you yet, I'll try to, yeah, but I wanted you
I wanted you
I will always remember
I will always remember
