

# Die

## Girls

No, nothing's gonna be alright  
No, we're all gonna get fucked up tonight  
No, nothing's gonna be okay  
No, it's all going down the drain tonight

No, nothing's gonna be just fine  
No, we're all going straight to hell tonight.  
No, nothing's gonna be alright  
And we're all gonna die  
All gonna die  
All gonna die  
All gonna die!
