Got You On My Mind

Derrick Morgan

Got you on my mind
Feeling kinda sad and low
(So sad, sad and so low)Got you on my mind
Feeling kinda sad and low
(So sad, sad and so low)Wondering where you are
Wondering why you have to go
(To go, have to go)Tears began to fall
Every time I call your name
(Your name, call your name)Tears began to fall
Every time I call your name
(Your name, call your name)Wondering where you are
Wondering why you have to goNo matter how I try my love it wouldn't come back to me
You most wanted
(Come back to me)
If it should ever be that you should always come to me
Darling, I will be free, oh, so freeGot you on my mind
Feeling kinda sad and low
(So sad, sad and so low)Got you on my mind
Feeling kinda sad and low
(So sad, sad and so low)Wondering where you are
Wondering why you have to go
(To go, have to go)Wondering where you are
Wondering why you have to go
(To go, have to go)Wondering where you are
Wondering where you have to go
(To go, have to go)
Wondering where you are
