

# You Were Good In Your Time

[Morrissey](#)

Let the heart rest  
Lay back your head  
You were good in your time  
And we thank you  
You made me feel less alone  
You made me feel not quite so  
Deformed, uninformed and hunchbacked  
Time takes all breath away  
You were good in your time  
And we thank you so, so  
You said more in one day

Than most people say  
In a lifetime, it was our time  
And we thank you  
An end-of-the-ride sigh  
Your soft smile says  
Please understand  
I must surrender  
Then you grip with your hand  
Now so small in mine  
Are you aware wherever you are  
That you have just died?
