You With Me

Anita Cochran

All of my life, I've looked for love
But something inside said it wasn't enough
Then there was you, that's when I knew it was trueAnd it feels so right, with you here tonight
With all of my heart and my soul and my mind
Would you put your hand in mineAnd walk with me, talk with me
Come with me, let's make life complete
Dance with me, laugh with me
Forget the world and make love with meYou're everything I'll ever need
All of my strength the breath that I breathe
All of my hopes and my dreams, is you with meNever before have I felt like this
Being with you is a Heavenly bliss
I thank God above that he sent your love to meAs I hold you tight, look in my eyes
I promise you love for the rest of my life
If you put your hand in mineAnd walk with me, talk with me
Come with me, let's make life complete
Dance with me, laugh with me
Forget the world and make love with meYou're everything I'll ever need
All of my strength the breath that I breathe
And all of my hopes and my dreams is you with meWalk with me, talk with me
Come with me, let's make life complete
Dance with me, laugh with me
Forget the world and make love with meYou're everything I'll ever need
All of my strength the breath that I breathe
All of my hopes and my dreamsWalk with me, talk with me
Come with me, let's make life complete
Dance with me, laugh with me
Forget the world and make love with me
