Bad Dreams

Joywave

When there is nowhere left to go
When there is nothing left to show
When my shoes are worn to the soles

Here they come runnin' down the street
With their torches in the air
They've got it out for me
Like the only thing they've heard is that I'm not to believed

Here they come runnin' down the street
They caught me in the night down on my knees
Every word I'm screaming is another going unreceived

Don't you worry about your bad dreams
Cause I'm not in them
Don't you worry about what change brings
Cause you can't stop it

When I have learned all there is to know
When I've committed it to stone
When I have brought it to my home

Here they come runnin' down the street
With their torches in the air
They've got it out for me
Like the only thing they've heard is that I'm not to believed

Here they come runnin' down the street
They caught me in the night down on my knees
Every word I'm screaming is another going unreceived

Don't you worry about your bad dreams
Cause I'm not in them
Don't you worry about what change brings
Cause you can't stop it {x2]
