

Generations

Don Diablo

Don't mind the rules and the blocks in my way
Want to be winners and here we will stay
Hey, they don't understand why we do what we do
A legion of champions yeah that's me and you
Hey All we are
All we are
Just a generation that will take it all
All we are
All we are
Just a generation that will take it all
Take it all
Take it all
Take it all
Take it all
Take it all
Take it all
Take it all...
All we are
All we are
Just a generation that will take it all
Don't mind the
Don't mind the
Don't mind the
Don't mind the
Don't mind the
Don't mind the
Don't mind the
You don't understand why we do what we do
A legion of champions yeah that's me and you
Hey All we are
All we are
Just a generation that will take it all
All we are
All we are
Just a generation that will take it all
Take it all
Take it all
Take it all
Take it all

Take it all
Take it all
Take it all...
All we are
All we are
Just a generation that will take it all
Don't mind the
Don't mind the
Don't mind the
Don't mind the
Don't mind the
Don't mind the
Don't mind the
Don't mind the
