

Raindrops Will Fall

Tamyra Gray

There's a time for every star to shine
And a place for every dream to see the light
When you have everything
You don't need another reason to be something Oh hold on, and look to your faith
Can't let nobody, nobody get in your way, no I walked through the fire, oh
Fought through the ragin' storm
Till I found the peace that's inside of me
I've got to be strong
I stand for my dreams
I was made for this moment
Take me as I am or nothin' at all
I'll keep holdin' on
Raindrops will fall, oh
Raindrops will fall, oh Haunting echoes from a careless word
No, you'll never know how much they hurt
Dreams are precious don't you know?
But they are so hard to follow Oh hold on you can look to your faith
Don't let nobody, nobody get in your way, no I walked through the fire, oh
Fought through the ragin' storm
Till I found the peace that's inside of me
I've got to be strong
I stand for my dreams
I was made for this moment
Take me as I am or nothin' at all
I'll keep holdin' on
Raindrops will fall, oh
Rain falling down on me
But the sun gonna shine Oh, I was taught not to run away
'Cuz raindrops will always fall on your face
When it seems like all hope is gone
Gotta get through the storm
Before you can see the dawn
This is all I am, this is all I know
And I won't never ever let go
No, I won't let go I walked through the fire, oh
Fought through the ragin' storm
Till I found the peace inside of me
I've got to be strong
I stand for my dreams

I was made for this moment
Take me as I am or nothin' at all
I'll keep holdin' on
Raindrops will fall
Rain falling down on me
But I know, I know, I know, I know, I know
That the sun is gonna shine
Raindrops will fall
Oh I know that the sun is gonna shine
