

Before Today (Chicane Remix)

Everything But the Girl

I don't want excuses.
I don't want your smiles.
I don't want to feel like we're apart a thousand of miles.
I don't want your attitude.
I don't want your things.
But I don't want a phone that never rings.
I want your love and I want it now.
I want your love and I want it now. I don't want your history.
I don't want that stuff.
I want you to shut your mouth.
That would be enough.
I don't care if you've been here before.
You don't understand.
Tonight I feel above the law, I'm coming into land.
I want your love and I want it now.
I want your love and I want it now. My heart is that much harder now.
That's what I thought before today.
My heart is that much harder now.
I thought that it would stay that way, before today.
Before today.
But I don't want a phone that never rings.
I want your love and I want it now.
I want your love and I want it now.
I want your love.
