

Choosing Sides

Field Music

Don't lock me out
Please don't assume that I'm not worth
The fuss to give me a chance
There is no model But what we have has only ever,
Ever worked by accident
I want a different
Idea of what better can be Which doesn't necessitate
Having more useless shit
No, listen please
We haven't finished yet Just been whispering for too long
My generation
Are opting out of choosing sides
To not miss the omission I want a different
Idea of what better can be
Which doesn't involve treating
Somebody else like shit I'm so complicit
So much chatter
Making no sense at all
I won't play up to it I won't play ignorant
No matter how depressing it is to see
Just another
Talking head to ignore I won't play up to it
I won't play ignorant
I won't give into it, no
I won't give into it
I only need to remember
I only need to remember my
