

Ridin' Clean

Kidz In the Hall

She says she never seen a nigga like me
That's what she told me,
Chances are you won again like Lee
So seize the moment in yo town one night, I'm leaving in the morning
In this town your whole life, and you still is being corny
Well fuck it then, got me a couple friends, some ice and a cup of gin
Rich and they wanna spend,
I'm broke but I'm rollin' dough
Less than they rollin though
Widow and train wreck we call that the holy ghost
We smoke 'till we comatose, we drink 'till we pass out
Or she pull her ass out, the plan is mapped out
I beat it like rampage and make sure she tap out
Hit this shit raw, roll the dice 'till I crap out

(Bridge)

Them niggas say they want a show,
But we ain't got nowhere to go
Riding all around in my homeboy's car,
We just riding all around, we some real movie stars(Hook)
Shoot up on my girl, mob through the scene,
You ain't never seen a mob guy ridin' this clean
Never seen a mob guy ridin' this clean
Ridin' this clean, ridin' this clean
Shoot up on my girl, mob through the scene,
You ain't never seen a mob guy ridin' this clean
Never seen a mob guy ridin' this clean
Ridin' this clean, chasing million dollar dreams, nigga

My nigga Jerry got a Bentley, yeah I know it ain't mine
But when you ridin' in a Bentley the bitches want your time
Hoes wanna suck, niggas wanna sponsor,
Skeezers wan a telly and a milll at Benihana
Working Jane Fonda mister Brain up in the scholar
With no ring around my worbe but I steady pop my collar, a dollar
Ahmad had a nigga in an Audi H
Driving down Sunset, slower than a turtle race
Turon had a Mazi and a video,
I swear I had a Mazi full of silly hoes
I swear I put my jimmy in them bitches' throats

Got a stain up on my Fendi coat(Bridge)
Them niggas say they want a show,
But we ain't got nowhere to go
Riding all around in my homeboy's car,
We just riding all around, we some real movie stars(Hook)
Shoot up on my girl, mob through the scene,
You ain't never seen a mob guy ridin' this clean
Never seen a mob guy ridin' this clean
Ridin' this clean, ridin' this clean
Shoot up on my girl, mob through the scene,
You ain't never seen a mob guy ridin' this clean
Never seen a mob guy ridin' this clean
Ridin' this clean, chasing million dollar dreams, nigga I'm busting moves through the East side, moves through
the West side,
Moves through the South side nigga just let me ride
I said I'm busting moves through the East side, moves through the South side,
Moves through the West side, just let me ride
In my homeboy car
I'm just ridin all around like a real hood star, nigga(Hook)
Shoot up on my girl, mob through the scene,
You ain't never seen a mob guy ridin' this clean
Never seen a mob guy ridin' this clean
Ridin' this clean, ridin' this clean
Shoot up on my girl, mob through the scene,
You ain't never seen a mob guy ridin' this clean
Never seen a mob guy ridin' this clean
Ridin' this clean, chasing million dollar dreams, nigga
