

# Just Friends (Live @ Benicassim, 2007)

## Amy Winehouse

When will we get  
The time to be  
Just friends? It's never safe for us  
Not even in the evening  
'Cause I've been drinking  
Not in the morning  
When your shit works  
It's always dangerous  
When everybody's sleeping  
And I've been thinking  
Can we be alone?  
Can we be alone? When will we get  
The time to be  
Just friends?  
When will we get  
The time to be  
Just friends? And, no, I'm not ashamed  
But the guilt will kill you  
If she don't first  
I'll never love you like her  
Thought we need to find a time  
To just do this shit together  
'Fore it gets worse  
I want to touch you  
But that just hurts When will we get  
The time to be  
Just, just friends?  
When will we get  
The time to be  
Just friends, just friends? When will we get  
The time to be  
Just friends, just friends?  
When will we get  
The time to be  
Just friends, just friends? Just friends
