

# What If I Stay (Lyric Video)

Chris Young

Did you see the movie is over  
I guess we missed the last half  
Layin' here in this bed together  
Me kissin' you you kissin' me back  
It's getting late can't you see  
I should get up and leave  
If I don't you know where it's goin'  
But you're givin' me that look baby  
That says you're up to no good maybe  
And you're whispering into my neck  
Leavin' thoughts inside my head  
Well now since you put it that way  
If I need to I'll go darlin'  
But what if I stay  
What if I stay  
Here comes that sun through the window  
Feels like we just got to sleep  
But the way you look on that pillow  
Don'tcha know it's killin' me yeah  
It's gettin' early can't ya see  
I should get up and leave  
If I don't you know where it's goin'  
But you're givin' me that look baby  
That says you're up to no good maybe  
And you're whispering into my neck  
Leavin' thoughts inside my head  
Well now since you put it that way  
If I need to I'll go darlin'  
But what if I stay wrapped up in your arms  
Cause lovin' you baby's been pretty perfect so far  
And you're givin' me that look  
The one that says you're up to no good yeah  
And now you're whispering into my neck  
Leavin' thoughts inside my head  
Well now since you put it that way  
I should probably go darlin'  
But what if I stay  
What if I stay  
Oh what if I stay
