

Once You've Tasted Love

Take That

Love, once you've tasted love

Love, once you've tasted love

Love, once you've tasted love

Love, once you've tasted love Don't be sold a dream, remember how the past has been

Don't be led to believe, this one's for you

Calculate your needs, I see there's room to plant your seeds

Don't decide till you see how the others have grown Once you've tasted love, it is just the beginning of a new world

Once you've tasted love, there's no way you can give in, oh no

Once you've tasted love Still too early to know, give them time and they will grow

Don't believe that the first's the one for you

Most will grow to be tall, others will break and fall

Keep your eye on the strongest head of them all Once you've tasted love, it is just the beginning of a new world

Once you've tasted love, it is just the beginning your head is spinning

Once you've tasted love Once you've tasted love, it is just the beginning of a new world

Once you've tasted love, there's no way you can give in, oh no

Can't control your mind and your head is still spinning, oh yeah Once you've tasted love is just the beginning

Once you've tasted love, yeah

You've tasted love, you know is good

Come taste my love, you know you should Came into my world and the badness disappeared

Take my hand, don't be afraid, I'm gonna work off all your fears

It feels so nice to be with you, us two, we feel like a glove

When I see your eyes I realise you too have tasted love You've tasted love, you know it's good

Come taste my love, you know you should

You've tasted love, you know it's good
