Automatic

Aubrey O'day

When I'm on a dance floor
When, when I'm on a dance floor
Look at my body, it's so official
Every time they see me, they shoot over like a missile
Just wanna party, don't mean no issues
If that's your girlfriend over there, I think she miss you
When I'm on, when I'm on the dance floor
Tell the DJ give me more
Up so loud, the speakers blow
The beat makes my body go
Begging for it now
Spinning 'round and 'round
Wanna tear it down
I can't control it
When the beat goes boom, I hit the room
My body goes on automatic, automatic, automatic, automatic
When the beat goes boom, I hit the room
My body goes on automatic, automatic, automatic
They crowd around me every time I enter
You could see their heart beat pumping louder than a speaker
So get up off me with all them whispers
'Cause I'm the type of girl that's gonna hurt your feelings
When I'm on, when I'm on the dance floor
Tell the DJ give me more
Up so loud, the speakers blow
The beat makes my body go
Begging for it now
Spinning 'round and 'round
Wanna tear it down
I can't control it
When the beat goes boom, I hit the room
My body goes on automatic, automatic, automatic, automatic
When the beat goes boom, I hit the room
My body goes on automatic, automatic, automatic
When I'm on the dance floor
Tell the DJ give me more
Up so loud, the speakers blow
The beat makes my body
When I'm on the dance floor

Tell the DJ give me more
Up so loud, the speakers blow
The beat makes my body go
Begging for it now
Spinning 'round and 'round
Wanna tear it down
I can't control it
When the beat goes boom, I hit the room
My body goes on automatic, automatic, automatic, automatic
When the beat goes boom, I hit the room
My body goes on automatic, automatic, automatic
When the beat goes boom, I hit the room
My body goes on automatic, automatic, automatic, automatic
When the beat goes boom, I hit the room
My body goes on automatic, automatic, automatic, automatic
