

# Violator

## Exciter

Forbidden on the eve of the holocaust  
Imprisoned by the mentor of Death  
Held hostage by the slayer of innocence  
Beyond darkness there's nothing but destruction...Stories of treason, punish the dead  
Bone crushing violators  
Conquer the world  
Fire-breathing murderers agree  
Death to the fallen - Rest in peaceWicked slashers hunt for the weak  
Bury the ones  
That are chosen slavery  
Infernal grinders are diabolical fiends  
Intense fighting crucifying allViolator, Violator  
Violator, ViolatorStories of treason, punish the dead  
Bone crushing violators  
Conquer the world  
Fire-breathing murderers agree  
Death to the fallen - Rest in peaceViolator, Violator  
Violator, Violator
