

# Gruesome Gary

## Down By Law

I remember when we walked as one  
And all the truths were known  
And we were scrappers in the  
Schoolyard fights, talked tough on the telephone  
But there was always one big guy  
Who feared nothing and no one  
His name was Gary and he looked  
So mean, he wasn't a lot of fun  
When he walked by, you got the fuck  
Out of the way, now Gary was the  
Schoolyard bully, didn't have a lot of friends  
He had kids do his homework for him, stupid 'til the end  
On graduation day he stood the tallest  
And he got his degree, he couldn't add  
Two plus two, let loose on society  
When he walked by, you got the fuck out of the way  
Gary was the top cat in his day  
Everybody said that he'd get his someday  
And I swear to this day that I still see his face  
When I have a bad dream at night  
He's the monster to my right  
Now gruesome Gary met his  
Match at a young and tender age  
He got a whipping at the mall one night  
And the police took him away  
The town cheered and the geeks  
All jeered but I'll just make a bet  
Gary will live on in infamy  
He was the meanest guy you ever met
