

# Black Math

## The White Stripes

Album: Elephant My fingers definately turning to black now Maybe I'll put my live on ice Don't you think that I'm bound to react now? My books are sitting at the top of the stack now And teach myself, maybe that'll be nice The longer words are really breaking my back now Maybe I'll learn to understand Drawing a square with a pencil in hand Mathematically turning the page Unequivocally showing my age I'm practically center stage Maybe I'll put my live on ice And teach myself, maybe that'll be nice Undeniably earning your wage Is it the fingers, or the brain Listen master can I ask you a question that you're teaching this lesson? Maybe I'll put my live on ice And teach myself, maybe that'll be nice
