

Chek Injin

Grandaddy

Duck tape over the temp gauge
Don't worry it isn't the new age
Black tape over the fuel light
Exhaust sleep can not feeling alright
Check engine, check engine
Check engine, check engine
Check engine, check engine
Check engine light
Please keep going
Please keep going
Please keep going
Duck tape over the whole thing
Earplugs one in the morning
Lug nuts loose on the freeway
Don't worry it isn't the new age
Check engine, check engine
Check engine, check engine
Check engine, check engine
Check engine light
Check engine, check engine
Check engine, check engine
Check engine, check engine
Check engine light
Please keep going
Please keep going
Please keep going
Please keep going
Please keep going
Please just make it to my exit
Please keep going
