Rainbow

Kim Mitchell

Driving round in the city
You're running through my veins
All I want is to have the lust
Have the trust and piece of mind
But all I ever seem to get
Is seven days of rain

Let me be your candy coating
Melt me in your mouth
I'm the guy that
Knows those sayings
You'll be young and soft

Give me a try
I will pick up
All your pieces
I'll write your name in the sky

Give me a try
I'll do whatever pleases
I'm chasin' clouds
I'll bring you back
I'm bringin' you back your rainbow

Bringin' you back your rainbow

Oo, what if this ain't breakup
I could take you away
Too many years of bad luck
And you tried and tried again
And you're little life
Went spinning down the drain

Let's take a long drive
Just you and me
You'll never have to smoke
Cause I'll be your Nicotine

Give me a try
I will pick up

All your pieces
I'll write your name in the sky

Give me a try
I will do whatever pleases
I'm chasin' clouds
I'll bring you back
I'll bring you back your rainbow

Give me a try
I'll pick up
All the pieces
I'll write your name in the sky

Give me a try
I'll do whatever pleases
I'm chasin' clouds
And I'll bring you back
I'll bring you back your rainbow

Bring you back your rainbow
Mmm

Let me be your candy coating
Melt me in your mouth
I'm the guy that
Knows no thing
You'll make thumping sounds

Give me a try
I'll pick up
All your pieces
I'll write your name in the sky

Give me a try
I'll do whatever pleases
I'm chasin' clouds
And I'll bring you back
I'm bringin' you back your rainbow

Give me a try
I'll pick up
All your pieces
I'll write your name in the sky

Give me a try

I'll do whatever pleases
I'm chasin' clouds
And I'll bring you back
I'm bringin' you back your rainbow

Bring you back your rainbow
Bringin' you back your rainbow
I'll bring you back your rainbow
